

Gifts from friends

Pala Cunejt is a friend of the Academy and came by to facilitate the Next Practice symposium graphically. June, as he is called, has previously worked at the Energy Academy, first as a part of his “world internship” as a chaos pilot. Check them out at kaospiloterne.dk. After that he taught at our Energy Camps for school children and high school classes. It was really nice to see you again!

Mary-Alice Arthur is a new friend of the house and this was her first time visiting Samsø and the Energy Academy. Thanks a lot for joining in!

Booklet. Mary-Alice Arthur, Art of Hosting and SOAR, participated in the Next Practice Symposium 2013. Read her harvest from the symposium in the **graphic booklet**
