Vælg et godt password, du kan huske. Skriv der efter teksten fra de to ord i den røde boks (for at bevise for systemet, at du ikke er en spam-bot). Klik så på register

Fejl

The screenshot shows a web browser window at the URL `energinstitutet.dk/cgi/register`. The page title is "Create Account - The Energy Institute". The navigation menu includes "Home", "About", "Browse", "Search", "Statistics", "Help", and "Go to The Energy Academy". There are links for "Login" and "Create Account". A search bar is present in the top right.

The main heading is "Create Account". Below it, a red error message box contains a hand icon and the text: "• The words you entered for the captcha weren't correct." Below the error message, there is explanatory text: "In order to access some areas of the repository, you'll need a *user registration*. No charge is made for registering with us or using any of our services. This page lets you register with The Energy Institute. This will allow you to save searches, receive alerts and deposit items. Your new password will need to confirm your email address by using a code which will be mailed to you. If you have already registered but have forgotten your username or password, [click here](#) to set a new password."

The registration form includes the following fields:

- Name:** A table with columns "Title", "Given Name / Initials", and "Family Name". The values are "Mr", "Jacob", and "Wenzel" respectively.
- Email address:** `jacob@[redacted].dk`
- Username:** `jwenzel`
- Password:** An empty field.

Below the form is a captcha image showing the words "his" and "itesoa" in a stylized font. A red box highlights the captcha area.

Det kan være lidt svært at læse teksten, så bare prøv igen, hvis du får denne fejl.

Husk Password igen

This screenshot is identical to the one above, showing the same registration page and error message. However, the "Password" field now contains the text "I". Below the form, the captcha image is shown again, but now it includes a small input field with the text "his itesoa" and a "CAPTCHA" button, indicating that the user has successfully interacted with the captcha.

At the bottom of the page, there is a "Register" button and a footer that reads: "The Energy Institute is managed by The Energy Academy and powered by EPrints 3 software. [More information and software credits.](#)" The EPrints logo is also visible in the bottom right corner.

Hvis der var fejl i ordene, skal du skrive dit password i feltet igen, fordi det som en sikkerhed ikke bliver gemt, når siden opdaterer.
