

Welcome to Tomorrow's Land

Faced with a constant emergence of new technology, new cultures, new forms of living, new ways of thinking, and new crises, we need to find new paths into a flourishing and inclusive tomorrow. Society and our planet need all of us to see with new eyes what is going on, what are the challenges, and what are the possible solutions? We need to explore, discover, create and lead society towards a better future, to become pioneers of tomorrow.

This journal takes inspiration from social innovators, entrepreneurs, leaders, dreamers and designers from across Europe, to present ideas and perspectives to guide you and others to become pioneers of tomorrow.

We hope this journal will inspire and inform you and others to unravel a flourishing and inclusive future.
